

# BLACK AND WHITE DENSITOMETER CODE RXT-BM301

- With accurate reading, good stability, easy to operate
- Small size, light weight, 27 LED lighting source, good shock resistance
- Comes with calibration software and standard black and white density film, allowing self calibration of instruments
- Suitable for industries such as non-destructive testing, photosensitive materials, printing, etc

black and white density film(0.0~5.0)  
(included)

## SPECIFICATION

<b>Blackness range</b>	D=0.00~5.00
<b>Reading stability</b>	± 0.02
<b>Accuracy</b>	± 0.02 (0.0<D≤2.0) ± 1% (2.0<D≤4.0) ± 0.05 (4.0<D≤5.0)
<b>Optical aperture</b>	Ø2mm
<b>Sampling time</b>	0.8s
<b>Display form</b>	three-digit display
<b>Interface</b>	Rs232 (optional accessory USB cable)
<b>Operation environment</b>	0°C~40°C, relative humidity ≤85%
<b>Power supply</b>	220V, 50/60Hz
<b>Dimension</b>	260×265×110mm
<b>Weight</b>	2.1kg

## STANDARD DELIVERY

<b>Main unit</b>	1pc
<b>Black and white density film (0.0~5.0)</b>	1pc
<b>USB flash disk</b>	1pc
<b>RS232 cable</b>	1pc

## OPTIONAL ACCESSORY

<b>USB cable</b>	RXT-BM301-CA
